# do good delray

## partner with a purpose

With a desire to see increased collaboration between our profit and nonprofit Chamber members, we have created an annual month of opportunities called Do Good Delray. Think of it as a month-long calendar of events aimed at growing both friends & funds in a fun, creative way.

Planned for the month of October, interested nonprofit members are encouraged to pair up with interested for-profit members and hold a fun-filled event at one of our local member locations. The goal is to bring like-minded people together to raise awareness, engagement and increased funding for the nonprofit's philanthropic efforts all resulting in a new alliance.

The Chamber plays a part in the process by promoting the events to increase participation and success. The goal is a month full of events to Partner with Purpose for our Chamber members!

# headliner

## sponsor

1 available
